Grey Shirtings on the 30th layo, lultime 14s. There were few however, who gave credit to this news, since the last reliable news had been a telegram dated the 29th, or only two days provious, and that quoted \$1 lbs. Shirtings 12s. 6d. It did not therefore so in probable that, with no excitement in the Cotton market, an advance of tion, 18d, would occurre two days. By advices, however, at hand to day per Proude mail; there is no con-At firmation of the rumor, the latest telegrams re-Athe ceived being up to May 5th, when 84 lbs. were g of anoted 12s. fid. and 16 to 21 Yarn 1634. With and the exception of the demand that has existed for niges T.Cloths. Cotton Goods have been in little request, rited and the cales triffing, especially of Grey Shirtings. owds which up to within a few skeys only, had not met gave with any demand whatever. For T-Cloths there got. has been a fair demand throughout the period unhe der review, especially for Albs, weight, and latterly \$2.60, and even as high as \$2.70 has been offered large for the fiver qualities. Woollens, which for a very considerable time had been as well as a very considerable time back have been almost entirely inactive, within the last few days have taken a afact, the low prices ruling having no doubt attracted the attention of the native dealers. The conreets sequence has been a fair husiness in almost all deschiefs rejutions and should the deanard continue there is driptions and should the deansurl continue there is cau- a chance for a still further advance on the already

nany Tea market at Foodhow will no doubt have its inarty fluence on this market very shortly, and a marked rom improvement in the native demand for Manufactured Goods, is confidently expected. The Chann with a general cargo is the only arrival during the Grey Shirtings.—A very small and almost triffing four business has been done in these goods, in fact but loyal few if any inquiry having been made for them and until within the last few days. Natives have been offering \$3.03 for the best quality 81 lbs., and finally came up to \$3.95, but even at this figure there is no disposition on the part of holders to sell.

A few pieces have been sold at this figure, and a few t \$3.10, and these may be taken as a fuir range of the market for average and best cumlity. 7 lbs. r the have been in rather more request, and as high as ment \$2.6) in one instance was offered for a percel of stack- line. Sales include 3,400 pieces, at \$2.60 to thing T-Cloths.—There has been a fair demand for 6lbs and 7lbs T Cloths, of the feminer weight as high as \$2.60 has been maid for the best makes, but as such quality is rather scarce just at present, the market may be quoted five to ten cents higher. Any furarted, ther demand at these figures would no doubt bring base some parcels at present in the hands of speculators into the market. The larger proportion of the rands sales mentioned below have been of 7 lbs., and for ps it a fine quality of these, say 70 reed, \$2.70 has been obtained, but this was an exceptional parcel. The treat range of the market may be taken at \$2.40 to 2.45.

Some inferior goods have been placed at \$2.25 to 2.274. Total sales amount to 20,050 pieces, say truer 2.274. Total sales amount to 20,000 pieces, say 0.500 pieces 6 lbs. at 31.85 to 2.00, 14.850 pieces 7 lbs. at 32.25 to 2.70, and 6,200 pieces 8 lbs. at \$3.00 to 3.10.

The only sale of these reported is a pardiffinition of 2,500 pieces English, placed at \$2.00 to \$1.05.

White Shirtings.—These goods have been taken

er of in small dribbling lots throughout the fortnight,

vel is quite out of notice, the only sales reported for the enal- and 350 pieces Turkey Red at \$2.70. Woolless .- These goods by their comparative clory chéanness seem at last to have attracted attention: and within a few days considerable eales have been rules effected. Prices have strengthened under the de mand, and there is every prospect of their going to a still higher. Scarlet Spraish Stripes and Long Ells to be have perhaps been most in request. Sales reported which amount to 4,850 pieces Spanish Stripes, say 3,130 e we pieces assorted and 1.720 pieces Scarlet, at 824 to n, no 96 cents, 1,350 pieces Cambris at \$16.50 to 18.00 the 300 pieces Lastings at \$15.50, 5,320 pieces Long nibles Etis, say 3,960 pieces searlet and 1,360 pieces assort n tell ed, at \$8,30 to \$30.00.

Cotton Yarn.—There has been very little change попу: in the relative position of this article during the past fortnight, and prices remain much the same as readias high as \$137 has been paid for the best qualities. id no white for the inferior kinds \$132 and 1321, has been The obtained A considerable quantity of Bombay staple add has been placed at prices ranging from \$105 to pility. \$115. A small sale of Japan Camplior (60 piculs) is

reported at \$26 per picul.

Opium —The market generally has been i y Sir a depressed state since the issue of the last much report, the inquiry on the part of the Chinese contiand i nuing extremely limited for all discriptions, and pripoets, cesscarcely fluctuated until yesterday morning, when on the arrival of the French Mail telegrams wire to the received from Calcutta ria Galle announcing the result of the Fifth Sale, which had ruled much higher than was enticipated before, also, having the rates afterwards considerably advanced. This news created some excitement and the price of Bengal drug advanced about lifteen to twenty Jollars. Holders are pentise very firm and as a moderate supply only is expect-; that ed by the Calcutta steamers, there is no probabi-Now lity of the market declining. Malwa has experienwhich red no change. Imports have consisted of good | about 1,400 chests of Malwa, and 150 chests of Benat the gal drog, while the experts and clearances may be which astimated at about 1,100 chests of the former and 1,400 of the latter, the following quantities being

how a 1,400 of the larather in stock :— Benares. Police—It was last reported that the market closd beavily at \$630, which rate was maintained throughout the fortnight, the Chinese dealers showing no inclination to operate except to satisfy their immediate wards, and sognificative transachis tions amongst foreigners being on a moderate scale. Yesterday morning however, on receipt of telegraphic news from Calcutta by the French mail an immediate advance took place and sales. to some extent were effected at \$610 to \$45 for cosh, and \$650 to 655 fifth sales drug, at which specie i holders are very firm, anticipating a further rise. Benares - This drug also attracted but little attention, sales being made with great difficulty,

owing to which rates slightly destined, but yesterday the nurket advanced with Palua and may be said to close at \$630.

Malwa.—The depression noticed in the last report has continued without however, causing any alteration in priors. There has been little enquiry by the Chinese and the drooping state of the market; in the North prevents operations by the foreigners. In the face of the heavy losses, in which have been resulting, holders show little inclination to meet burers at the extremely low pries now ruling,

say \$555 to 660 for first class drag. Person. Nothing doing. Tarkey -A few chests just arrived, but no sale Cetton.-Sales have again sheen on an extremely, fimited scale, which may be ascounted for by the firmness with which importers are now holding the small remaining stocks of

Bengal and Hombay stables, there being no China kinds on the market at present. To day's quotations are - itemed 819 to 22 per picul: Rombas 15 to 22.50 per picul; Shanghai is nominally wirth \$21 per picul; Tientein \$21 to 22 per picul; entury Ningpo, \$22 to 23 per picul.
